

PRIVATE EQUITY WIRE

PRIVATE CAPITAL SUMMIT

13 February 2025 | etc.venues County Hall, London

The Private Capital Summit is a platform for investors, managers, service providers, and other industry stakeholders to deliberate and unlock the transformative power of private markets – fostering meaningful relationships and promoting alignment toward a positive and profitable future. This invitation-only event features curated boardrooms, insightful roundtables, pre-scheduled one-on-one meetings, and high-level talks and panels on such private equity and private debt themes as fundraising diversification, liquidity management, dealmaking, portfolio management and value creation, and AI-fueled innovation, among many others. The summit concludes with a networking drinks session, providing opportunities to connect with peers and explore new partnerships

Speakers:

- Pravi Prakash, Investment Manager - Private Markets, **Railpen**
- Sarah Brereton, Investment Director, **Keyhaven Capital**
- Enrica Dacomo, Director, **Capital Generation Partners**
- **Moderator:** Jonathan Sherman, Managing Director, Fund Accounting, **SS&C Technologies**

11:45

Panel: Private Credit and Banks: Collaboration over Competition

- **Comparing the proposition:** Explore how private credit funds and banks are positioned in the current market, and where the pockets of opportunity lie.
- **Risk Appetite & Customisation:** Discuss the risk-reward ratios of tailored private credit solutions versus more conservative bank lending.
- **Implications for PE Sponsors:** Analyse the impact of choosing private credit over traditional banks for PE sponsors, including deal structuring, leverage options, and long-term relationship management.
- **Regulation Station:** Examine how market conditions and regulatory pressures will play out in the medium-to-long term for both private credit funds and banks.

Speakers:

- **Moderator:** Richard Oliver, Partner - Direct Lending, **Ares Management**

Panel: Secondaries - Maximising Returns in a Fast-Growing Market

- **Favoured Exit Routes:** Explore the current trends in exit routes, such as IPOs, M&A, and secondary sales, and how market conditions are shaping these preferences.
- **Market Timing:** Discuss how a slow deal cycle influences the timing of exits, with a focus on navigating volatility and seizing the right opportunities.
- **Liquidity Management:** Understand the strategies firms are employing to balance liquidity concerns with the ongoing valuation squeeze, through exits or other avenues.
- **Risk Mitigation in Exits:** Examine how firms are mitigating risks during exit processes, including contingency planning and alternative exit strategies.

Speakers:

- **Moderator:** Mark McDonald, Managing Director – Private Equity, **Brookfield**
- Michael Slane, Fund Solutions, **Investec**
- David Jolly, Partner - Investment team, **Coller Capital**
- Laura Shen, Managing Partner, **Headway Capital Partners**

	<ul style="list-style-type: none"> - Philipp Eglseer, Investment Professional Private Credit Group, GIC - Ian Wiese, Managing Director, Barings - Zhu Gong, Director, KKR - Andy Armah-Kwantreng, Managing Director, NatWest 	
12:25	<p>Fireside Chat: Navigating the Future of Multi-Sector Private Debt</p> <p>Private debt continues to evolve, presenting both opportunities and challenges for investors and lenders. In this fireside chat, we will discuss how activity across multi-sector private debt, infrastructure debt, real estate debt, and asset-based lending can navigate today's shifting market dynamics.</p> <p>Speaker:</p> <ul style="list-style-type: none"> - Melissa Bocklemann, Head of Private Debt, Aviva Investors 	<p>Fireside Chat: Re-industrialisation: How Growth Equity Could Accelerate the Green Transition</p> <p>Funding into the green transition is currently concentrated either at early stages or in big-ticket infrastructure investments. Learn how growth equity could transform supply and value chains and bridge a critical funding gap.</p> <p>Speakers:</p> <ul style="list-style-type: none"> - Laurits Bach Soerensen, Senior Partner & Co-Founder, Nordic Alpha Partners - David Easton, Growth Equity, Generation Investment Management
	<p>ALLOCATOR ONLY: Risk Management Workshops</p>	
11:00 - 12:00	<p>1. Private Wealth Companies: Risk Management in Private Markets</p> <ul style="list-style-type: none"> • Portfolio Construction in Private Market: How to utilise different investment structures to optimise private markets portfolios, and how to mitigate the main risks common to each structure • Liquidity Management in Private Market Portfolios: What strategies are private wealth companies using to balance liquidity needs with maximising returns across private equity, private credit, venture capital, and real asset investments? • Client Risk Appetite and Portfolio Diversification: How do private wealth companies assess and manage clients' risk appetites when investing in private markets? What diversification strategies are most effective for protecting clients' wealth across asset classes and mitigating risk? • Wealth Succession Planning and Long-Term Risk Management: How do private wealth companies support clients in mitigating risks related to wealth succession? What strategies ensure that private market investments align with clients' multi-generational wealth preservation goals? 	

Speaker:

- Joe Basrawy, Managing Director, **Partners Capital**

2. Fund of Funds: Navigating Multi-Layered Risk in Private Markets

- **Manager Selection and Due Diligence Risk:** What are the key risks in selecting managers for FoFs, and how can thorough due diligence mitigate them? How do FoFs assess the risk profile of GPs?
- **Layered Fee Structures and Returns:** Discussing the potential risks associated with the layered fee structure in FoFs and its impact on net returns. How can FoFs manage fee risks while ensuring competitive returns?
- **Concentration Risk Across Fund Managers:** How are FoFs managing the risk of over-concentration in particular strategies, sectors, or regions when selecting underlying funds?
- **Liquidity and Exit Risks in a FoF Structure:** Managing liquidity risks in a FoF structure, including navigating the complexities of liquidity mismatches between underlying funds and the FoF structure itself.
-

Speaker:

- Florian Hofer, Managing Director - Private Credit Investments, **Golding Capital Partners**

3. Institutional Investors: Risk Management in Global Private Markets

- **Geopolitical and Macro Risk Management:** How are institutional investors managing geopolitical risks, currency fluctuations, and macroeconomic volatility across their private market portfolios? What risk mitigation strategies are proving most effective on a global scale?
- **Alignment with ESG and Fiduciary Responsibilities:** How do institutional investors balance ESG commitments with their fiduciary duties, particularly when navigating conflicts between financial returns and sustainability objectives?
- **Diversification Across Global Markets:** How do institutional investors diversify across regions, sectors, and asset classes to mitigate concentration risks? What unique challenges do they face in both emerging and developed markets?
- **Political and Regulatory Risks:** How are institutional investors managing regulatory changes, political instability, and cross-border investment risks? What strategies are in place to address sanctions, compliance requirements, and evolving global policies?

Speaker:

- Lushan Sun, Private Market Strategist, **Legal and General**

ALLOCATOR ONLY: WORKSHOPS

12:00 –
13:00

1. Private Wealth Next-Gen Vision: New Generation of Wealth

- **Next-Gen Investment Focus:** Explore the shift towards innovation, disruption, ESG, and impact investing as the next generation shapes private market investments.
- **Generational Decision-Making:** Understand how younger family members are influencing governance, investment strategies, and managing differing priorities across generations.
- **Tech & Digital Assets:** Discuss the next generation's role in driving digital transformation, fintech adoption, and investments in blockchain and cryptocurrencies.
- **Legacy and Leadership:** Examine strategies for education, mentorship, and balancing wealth creation with preservation, focusing on building a lasting legacy through private markets.

Speaker:

- Raphael Drescher, Group Head Alternatives & Direct Investments, **Quintet Private Bank**

2. Institutional investors: Balancing Liquidity with Growth in Private Markets

- **Institutional investors:** Balancing liquidity with growth in private markets
- **Long-Term Investment Horizons:** How do institutional investors manage the balance between long-term liability matching and pursuing growth through private market investments?
- **Private Market Allocation Strategies:** What are the trends in institutional allocations to private equity, private credit, infrastructure, and real assets? How are they adapting to changing economic environments?
- **Liquidity Management:** Exploring secondary markets, flexible fund structures and other solution for liquidity in a traditionally illiquid asset class. What are institutional priorities?
- **Transformative investing:** How much consideration are institutional investors giving to impact investing, responsible investing, ESG and other similar sustainability metrics? What are the biggest challenges in this space?

Speaker:

- Andrea Pompili, Principal, **StepStone Group**
- Alfred Chuang, CFO, **Kensington Capital Partners**

12:45	LUNCH BREAK	
	PRIVATE DEBT STAGE	PRIVATE EQUITY STAGE
13:45	PRIVATE DEBT FOCUSED WORKSHOPS (Details Below)	TRANSFORMATION STORY A leading LP or GP (or both) talks us through how their investment drove real transformation at an asset or sector level, delivering both a meaningful impact and a successful exit.
14:00		PANEL: Outsourcing in Private Equity: Embracing Change <ul style="list-style-type: none"> • PE Firm Insights: Examine how rapid industry growth is pushing to outsourcing for greater operational efficiency. • Key Outsourcing Roles: Highlight critical outsourced functions like fund administration, compliance, tax services, and back-office operations to remain competitive. • Operational Challenges: Review rising regulatory and tax demands, and how outsourcing helps firms manage complexity while focusing on core investments. • Future Opportunities: Uncover how outsourcing partners and tech can support PE growth amid increasing demands for transparency and ESG compliance. Speakers: <ul style="list-style-type: none"> - Moderator: Paul Kelly, Director of Venture Operations, Elkstone Partners - Albert Cilia, Managing Director – Malta, Trident Trust - Dimitris Matalliotakis, CEO, AssetMetrix - Keith Martin, Head of Transfer Agency, NAV Fund Services

14:45

Panel: Liquidity Matters: Financing Strategies in Private Debt

- **Portfolio and fund financing:** The liquidity opportunity in private markets
- **Enhancing fund liquidity:** Exploring tools like NAV-based financing, subscription lines, and asset-backed facilities
- **Secondary opportunities:** Examining the growth of the private debt secondaries market
- **Fund structures:** Vehicles that provide investors with more flexibility
- **Investor liquidity demands and expectations:** Evaluating approaches like interval funds, redemption windows, and other hybrid solutions to address investor needs.

Speakers:

- Toni Vainio, Partner, **Pantheon**
- Frank Meijer, Global Head of Alternative Fixed Income & Structured Finance, **Aegon Asset Management**
- Michael Schad, Partner - Head of Coller Credit Secondaries, **Coller Capital**

15:30

Keynote: Developing a differentiated deal origination strategy in Direct Lending

In an increasingly competitive direct lending landscape, deal origination is critical to achieving consistent returns across the asset class. A strong deal origination strategy will enable lenders to remain credit pickers – not takers – and perform regardless of market fundamentals through selecting the highest-quality opportunities in the market for their investors. Hear also why not all bank origination partnerships are

created equal as Patrick outlines the pros and cons that different partnerships can provide.

Speakers:

- Patrick Marshall, Head of Private Credit, **Federated Hermes Limited**

WORKSHOPS

PRIVATE DEBT FOCUSED WORKSHOPS

13:45 –
14:45

1. Fund Finance in Private Debt: Valuation, Volatility, and Strategy

- **Evolving NAV Lending Strategies:** Compare NAV financing in private credit vs. private equity, weighing cost vs. IRR/DPI benefits.
- **Optimising Private Debt Financing:** Explore innovations like extended sub-line use, term loans, hybrid financing, and asset-backed lending.
- **Evolving NAV Lending Strategies:** Compare NAV financing in private credit vs. private equity, weighing cost vs. IRR/DPI benefits.
- **LP Influence & Fund Structures:** Assess the rise of SMAs, evergreen funds, and continuation vehicles in shaping private debt strategies.
- **Future Financing Trends:** Analyse 2024 survey insights and emerging financing approaches to enhance fund liquidity and returns.

Speakers:

- Shailen Patel, Head of Strategy & Product, **NLC Capital Partners**
- Slade Spalding, Founding Partner, **NLC Capital Partners**

2. Risk-Proofing: Strategies for a Resilient Future

- **Downside Risk Mitigation:** Explore strategies like stress testing, scenario planning, and resilience tactics to guard against downside risks.
- **Operational Due Diligence:** Discuss the importance of thorough ODD to identify and address risks in portfolio companies early.
- **Key Risk Areas:** Analyse key risks, including market volatility, interest rate changes, and sector-specific challenges.

- **Future Risk Scenarios:** Review anticipated risks from market trends and forecasts, and how GPs are adjusting strategies for resilience.

Speakers:

- Kostas Halatsis, **Investment Professional**
- Tomas Neuhaus, Partner & Head of Value Enhancement, **Kartesia**

3. Technology-Driven Growth in Private Credit: LIFT Framework in Action

- **Addressing Technology Integration and Implementation Challenges**
Explore the key challenges private credit firms face when adopting new technologies, including the integration of modern tools with legacy systems, aligning workflows, and ensuring smooth transitions without disrupting existing operations.
- **Introducing the LIFT Framework for Scaling with Technology**
Learn how the LIFT framework—Learn, Innovate, Focus, and Transform—provides a structured approach to leveraging technology for scaling operations, improving loan management, and driving performance.
- **From Vision to Reality: Industry Lessons and Insights**
Gain practical insights from industry leaders on successful technology adoption, including real-world examples of what worked, what didn't, and how private debt firms can apply these lessons to accelerate growth.

Speaker:

- Daniel Liechtenstein, Co-founder & CEO, **Hypercore**

4. Distressed Debt & Turnaround Opportunities: Navigating Special Situations

- **Distressed Debt Opportunities:** Explore the ongoing potential for distressed debt investments in Europe amid market volatility and economic pressure.
- **Positioning for Success:** Discuss how funds are strategically positioning themselves to take advantage of distressed opportunities and identify high-potential assets at a discount.
- **Private Debt in Restructuring:** Examine the crucial role private debt plays in supporting companies through restructuring and turnaround strategies, especially when traditional lenders reduce their exposure.
- **Special Situations Financing:** Understand how private credit providers are stepping in to offer flexible financing solutions in special situations, helping fundamentally strong companies navigate financial distress and emerge stronger.

Speakers:

- Eric Larsson, Co-Head European Special Situations, **Alcentra**
- Sarj Panesar, Business Development Director, **Vistra**

PRIVATE EQUITY FOCUSED WORKSHOPS

14:45 –
15:45

1. Digital Transformation and Innovation at the Portfolio Level

- **Operational Improvements:** Explore how private equity firms are using technology, including AI, for process optimisation and supply chain digitalisation, to enhance portfolio company performance.
- **Attractive Sectors:** Discuss which sectors, such as FinTech, SaaS, and cybersecurity, are gaining attention due to rapid technological advancements and growth potential.
- **Digital Due Diligence:** Understand how GPs are incorporating digital due diligence to evaluate a potential investment's tech infrastructure, readiness for future digital transformation, or risk of disruption from advanced technologies.
- **Advanced Analytics:** Examine how private equity firms are utilising data analytics for deeper market insights and more informed decision-making in portfolio management and investment strategies.

Speaker:

- Scott Lomas, Vice Principal, **Hollyport Capital**
- Adri Purkayastha, Global Head of AI Technology, **BNP Paribas**

2. Aligning ESG: Strategies for Impact and Reporting Excellence

- **GP and LP Collaboration:** Explore how GPs and LPs can align their ESG frameworks, streamlining the reporting and compliance goals for both.
- **ESG Integration:** Discuss practical steps for embedding ESG considerations into due diligence, portfolio management, and ongoing reporting processes.
- **Standardisation Challenges:** Examine the difficulties of collecting, maintaining and reporting ESG data, particularly with evolving frameworks and standards.
- **Easing Portfolios:** Streamlining ESG data collection and reporting to reduce the burden on underlying portfolio companies.

Speaker:

- Laura Callaghan, Head of Advisory, EMEA, **Novata**
- Anna Orr, Account Executive, EMEA, **Novata**

3. New Frontiers: Diversifying the LP Base

- **Global Capital:** Explore how PE firms are tapping into allocations from a wider range of regions, across the Middle East, APAC, LatAm and more.
- **True to type:** Examine the various LP types being explored by PE firms, particularly the growing focus on private wealth and retail channels.
- **Extra Expectation.** Understand what investors from a diverse range of regions and institutions are aiming to achieve with their private equity investments.
- **Risk Watch.** Examine the exposure that comes with fundraising from different jurisdictions, and the compliance needs of varying LP types.

Speaker:

- Tanja Saaty, MD, Head of EMEA Business Development, **Constitution Capital Partners**
- Chloe Lavedrine, Senior Managing Director, **Centerbridge**

4. Collaborating on Co-Investments

- **Shifting Dynamics:** Explore how direct LP involvement in co-investments is changing the traditional GP-LP relationship, offering LPs greater influence in deal decisions.
- **Benefits of Co-Investments:** Discuss the advantages for both LPs and GPs, including lower fees, increased returns for LPs, and stronger alignment of interests between the two parties.
- **Challenges in Co-Investments:** Understand the complexities of managing co-investment deals, including coordination, decision-making speed, and maintaining confidentiality.
- **Structuring Best Practices:** Examine best practices for structuring co-investments, including governance models, risk-sharing mechanisms, and clear communication protocols.

Speaker:

- Alexander Napier, Vice President, **StepStone Group**
